OBJECTIVE

I am passionate about developing user-friendly, interactive websites that are responsive and a delight for users. Additionally, I have a deep love for cybersecurity, with a strong commitment to creating secure, resilient digital solutions and advancing my expertise in protecting systems and data.

EXPERIENCE

Cyber security Intern | Dexa

January 2025 – February 2025

I lead a team of cybersecurity enthusiasts, focusing on foundational cybersecurity principles, threat analysis, and ethical hacking.

Associate Web Developer | Skilltop Empire (Abuja)

September 2024 - present

Collaborated closely with a team of developers to design and implement software solutions focused on the medical and store management sectors.

Web Development Intern | Skilltop Empire (Abuja)

June 2024 –August 2024

Supported development of front-end components, building foundational skills for transition into an associate role.

EDUCATION

B.Sc. Biochemistry | Mountain Top University (Ibafo, Ogun State)

2017 – 2021

Supported the National Association of Biochemistry Students (NABS), Mountain Top chapter as the sports director and electoral chairman

Secondary School Leaving Certificate | Greenland Hall Comprehensive College

(Alakuko, Ogun State)

2013 – 2016

CERTIFICATIONS

Certified In Cyber-security (CC) | ISC2

Front End Web Development | New Horizons, Ikeja, Lagos
